

Please do not give priority to LPFM stations over FM translator services!!!! It is already hard enough to find a radio station that is positive and uplifting with good morals and values, please don't take that away from people. Many people, including myself, rely (or have relied) a lot on KLOVE's music, encouragement and prayer to get us through the day. Being able to listen to GOD's word on the radio, SHOULD be an option for people. Many have come to know the lord, through KLOVE!!!! That is a big deal. Please take these comments seriously!!!! Where I live, I can't get KLOVE on my radio and it has made a difference--I miss it. Please don't take away KLOVE for others!!!!
